The power of Heaven  
With the power of Heaven  
From Earth and also from the  
Sea  
I order Saint Michael

The strength God is the one

The strength God is the one  
who gives  
For those with knowledge  
Recognizing the excellence  
And don't take it out of your  
mind

In the firmament is the path  
And the Cruzeiro, your walk

The constellation arrived  
Very close to the Virgin Mary

In agony orders

The strength is the King  
Jesus Christ, the Master ever  
Everything in the heart of Mary  
On Earth and in every firmament

## **Ewê**

Ewê is my mother, ewê  
Ewê wants my father, ewê  
Ewê gave me strength to be able to live

When I entered the forest  
I asked for permission to enter  
I was received by my father Ossanha

Ewê is my mother, ewê  
Ewê wants my father, ewê  
Ewê gave me strength to be able to live

This scream is so beautiful  
And makes us travel  
It's my bony father  
That here will pass

Ewê is my mother, ewê  
Ewê wants my father, ewê  
Ewê gave me strength to be able to live

When you're crying  
For someone to abandon you  
I'm very close  
I'll stay with you

Ewê is my mother, ewê  
Ewê wants my father, ewê  
Ewê gave me strength to be able to live

And my spirit raises to you

The angels sing in the morning light  
And the beautiful "aurora" brings its  
warmth in such divine love

That you open in me I search for my  
History. With your help I will find it I go  
deeper in this sacredness

Only in nature I will find it  
Dancing among the flowers  
In the astral garden and its colors  
Dancing like this with so much love

My supreme Mother  
My forest of joy  
You that give light in the shadow  
You shine in the ocean too  
Hummingbird sent me away to work  
and open my eyes  
Venus star, rain in me  
Everyone who loves, weeps  
Fade away in the curve of the river  
Everything is inside and out  
My forest of joy  
There is water, there is water  
There is immensity  
There is shadow in the forest  
There is light in my heart

**Nam** comes from the Sanskrit namas, meaning to devote or dedicate oneself. **Myo** can be translated as mystic or wonderful, and **ho** means law. This law is called mystic because it is difficult to comprehend.

**Renge** means lotus blossom.

**Kyo** literally means sutra and here indicates the Mystic Law likened to a lotus flower, the fundamental law that permeates life and the universe, the eternal truth.
